PLAY ▶▶▶▶▶
STRUCTURES

TRANSFORM PLAY STRUCTURES INTO CAPTIVATING ADVENTURE HUBS

*Elevate your play experience,
literally.*

Captivating play structures maximize your play value and increase your capacity by taking advantage of all your usable space. Our vertical structures combine height with awe, creating that “wow” factor when guests enter your facility.

From spinning barrels to unique rope climbs, we build exclusive play events into every aspect of the structure. These adventure hubs promote active play, encouraging kids to tackle new challenges, all while giving parents and caregivers excellent visibility.

You’ll have kids begging their families to return again and again.

WE INSTALL FUN IT’S THAT SIMPLE

*We’re your one-stop-shop for
unique play solutions.*

Big spaces or small spaces, enjoy turnkey structures custom-designed for your needs.

Relevant Church
Locust Grove, GA

Trail Winds Recreation Center
Thornton, CO

First Baptist Church
Los Angeles, CA

Woodland Mall
Chesterfield, MI

CREATE MAGICAL WORLDS WITH THEMED STRUCTURES

*Themed environments create
play experiences as big as the
universe.*

Step into a land where dinosaurs roam. Mingle with monsters. Tiptoe around sleeping dragons. Whatever fantastic world you want to create, together we can bring it to life.

Lakeside Shopping Center
Los Angeles, CA

THREE DIFFERENT STYLES,
SAME GREAT
PLAY VALUE

TRADITIONAL
SYSTEMS

A favorite for indoor play areas, this classic system can be designed and built to fit any budget. Easily update the look of your play area by replacing the post pad.

- 2" pipe and post pad with a TuffNet or polyester netting
- Customizable geometry
- Variety of post pad colors

Trail Winds
Recreation Center
Thornton, CO

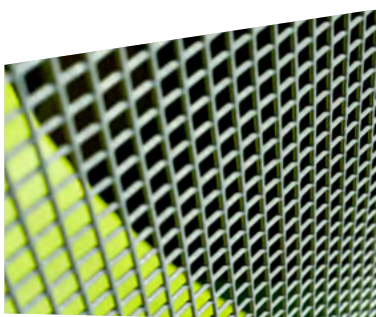

YMCA of Bristol
Bristol, TN

MATERIALS
MATTER

TUFFSKIN POST PAD

- Increased Durability
- Lightweight
- Enhanced Safety

TUFFNET™

- Improved Visibility
- Modern Appearance
- Maintenance Free
- Tear Resistant

NATURAL ELEMENT
COLLECTION (NEC)

Bring a unique twist to your play area with our natural frame system. The warm wood post frame is engineered for long-lasting performance with minimal maintenance. A more compact design maximizes space while increasing play value.

- 4.33" diameter wooden posts
- Removes the need to replace post pad
- Features exclusive play events and non-directional play patterns

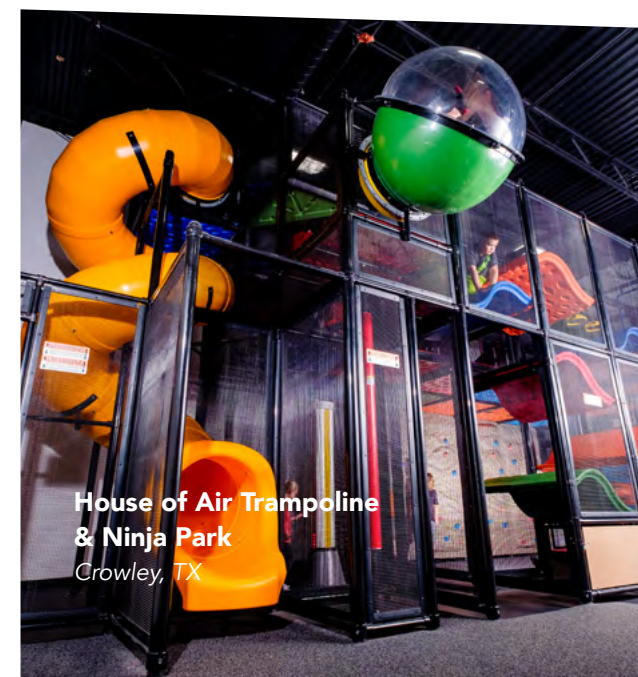

Apex Community
Recreation Center
Arvada, CO

DURA FRAME
SYSTEMS

Stand out from the competition with a sleek and modern looking play system. This Soft Play exclusive system is easy to upkeep, significantly reduces maintenance costs, and holds up to high traffic environments.

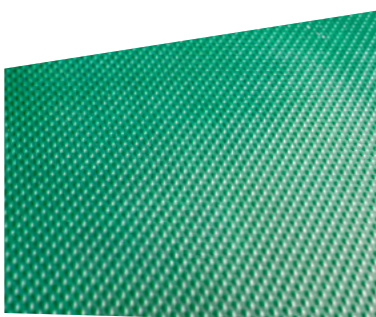

- 3.5" diameter post system
- Customizable geometry
- Removes the need to replace post pad and netting
- Large variety of powder coat colors

House of Air Trampoline
& Ninja Park
